Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(a) Guntia Khali khal (in the reach, mile 68 to mile 72).

(b) Cut No. 2 (in the reach, mile 78 to mile 82).

(c) Baitaghata khal (in the reach, mile 102 to mile 107).

(d) Alaipur khal (in the reach, mile 121 to mile 130).

(e) Bemorta khal (in the reach, mile 136 to mile 143).

(f) Damodar khal (in the reach, mile 152 to mile 156).

(g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salvaged, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salvaged by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

- (i) Actual cost of salvaging the vessel.
- (ii) Cost of serving the notice.
- (iii) Cost of removal, maintenance, custody and protection.
- (iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

Municipalities.

CALCUTTA, THE 9TH JULY 1929.

RESOLUTION—No. 2047M.

The attention of Government having been drawn to the mismanagement of their affairs by the Baruipur Municipal Board, the Additional Magistrate of the 24-Parganas was deputed to hold a special enquiry into the state of affairs with reference to the powers of the Local Government under section 65 of the Bengal Municipal Act. The enquiry was held in the presence of the Chairman, Vice-Chairman, and three of the Commissioners, others having failed to attend, on the 27th April 1929; and the report of the Additional Magistrate has been taken into consideration by Government. The position of affairs in this municipality is as follows:—

Municipal elections.

The re-constitution of the municipality is long overdue. The general elections were fixed for the 11th October 1928, but were stopped by a civil court injunction on the ground of irregularities in procedure, and there appears to be no prospect of the formation of a new board in the near future.

Administrative position.

Meanwhile the existing board has practically ceased to function owing to party factions, one outcome of which was the issue

of an injunction by the civil court stopping its meeting in January last. No meeting appears in fact to have been held this year except that on the 12th April referred to below. Municipal activities are at a standstill. No road was repaired in 1928-29, and only a small portion of the budget provision for water-supply was spent. Street lighting was found to have been stopped for three months preceding the special enquiry.

Finance and Accounts.

At the time of inspection the municipality was practically bankrupt with a cash balance of Rs. 712 and unrealized taxes of Rs. 1,591 as against liabilities in unpaid bills of Rs. 4,182. No attempt has been made to remedy the defects pointed out at the last audit; and the reply to the audit note for the year 1926-27 was issued by the Chairman in February 1929 without being considered by the Commissioners at a meeting. The budget for the year 1929-30 had not been prepared at the time of inspection.

Assessment.

The revision of assessment was finished by the assessor in December 1928, but proper steps have not yet been taken to deal with objections. A meeting of the Municipal Commissioners was convened on the 12th April to form an appeal committee, but the matter appears to have ended in confusion, the Chairman declaring that an appeal committee was formed, but the opposition who were in a majority maintaining that no appeal committee was legally appointed; and there was in fact no recognized appeal committee in existence at the time of inspection. There is every prospect therefore that the revision of assessment will remain inoperative.

Dispensary.

The party faction which has been so injurious to municipal affairs has reached its climax in the management of the dispensary. The formation of a new dispensary committee which should have taken place two years ago was frustrated by recourse to the civil court, and the old committee is still in existence.

After the death of the medical officer of the dispensary in August 1928 the dispensary committee and the Chairman of the municipality each purported to appoint a doctor to the dispensary. The dispensary committee's nominee who actually took charge of this dispensary died in February 1929, and again rival appointments were made to the post, the doctor who actually took charge leaving within a month. Since then it is reported that the dispensary is practically closed. A bill of Rs. 1,795 for the supply of medicines remains unpaid, and it was with the greatest difficulty under pressure from the Subdivisional Officer that payment of the dispensary staff and of the dues of the deceased doctor was secured from the municipal fund.

The Additional Magistrate of the 24-Parganas sums up his report in the following words:—

"It is clear from the above that the position is almost hopeless, public affairs being conducted for the satisfaction of private grudge and not for the public benefit. As a result of the party factions, the dispensary has been totally neglected and it is now practically closed as it has no doctor or compounder and neither any equipment nor medicine; the budget for the current year has not yet been prepared, the monthly meetings of the municipal board have practically ceased, the general elections have been hung up by injunction issued by the civil court, no road was repaired in 1928-29, street lighting has stopped for the last three months and water-supply has been sadly neglected. The financial condition of the municipality is deteriorating and there is very little prospect of the revision of assessment made by the assessor being given effect to in the near future as the majority of the Commissioners seem to be opposed to it. It is clear that the Municipal Commissioners have persistently made default in the performance of their duties, and I beg to recommend that action should be taken to supersede the municipality for one year for the present under section 65 of the Bengal Municipal Act to restore order and normal working in the municipality."

His Excellency the Governor acting in the exercise of his powers under section 65 of the Bengal Municipal Act, read with rule 2 (3) of the Transferred Subjects (Temporary Administration) Rules, is of opinion that the Commissioners of the Baruipur Municipality are not competent to perform, and have persistently made defaults in the performance of, the duties imposed on them under the Bengal Municipal Act, and declares that the Commissioners are incompetent and in default, and supersedes them for a period of one year from the date of this order. He further directs under section 66 (4) of the Bengal Municipal Act that during this period all the powers and duties of the Commissioners shall be exercised and performed by the Circle Officer, Baruipur.

By order of the Government of Bengal,

C. W. GURNER,

Secy. to the Govt. of Bengal (offg.).

13. (1) Any person whose name is included in the Register of Registered Practitioners and who is not disqualified for election to the Council under section 6 may be nominated as a candidate for election under clause (f), clause (g) or clause (h) of section 4 and any such person who is also a member of the Faculty of Medicine of the Calcutta University may be so nominated for election under clause (c) of the same section:

Provided that—

Should the nominations received from an elector not provide for the special qualifications referred to and unless they are invalid for other reasons under rules 14 and 16, the Returning Officer shall return his nominations and invite fresh nominations made in conformity with this rule by an early specified date.

(2) Such nomination of each candidate shall be made in writing with complete particulars required on a separate nomination paper in Form II in the Appendix to these rules, which shall be supplied by the Returning Officer concerned on application.

(3) The nomination paper of each candidate nominated to represent any of the electorates mentioned in clause (c), clause (f), clause (g) or clause (h) of section 4 shall be subscribed by two electors of the particular electorate concerned, by one as proposer and by the other as seconder:

Provided that no elector may subscribe, whether as proposer or seconder more nomination papers than the number of vacancy or vacancies to be filled at the particular election by the electorate to which he belongs.

(4) The nomination paper shall be subscribed also by the candidate nominated as assenting to the nomination and shall be forwarded by post or otherwise to reach the Returning Officer not later than the latest date and time specified by him thereon for its return.

14. On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of its receipt.

15. If more nomination papers than are allowed by the proviso to rule 13 (3) be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise, in order, be held to be valid, but if the Returning Officer is unable to determine the order in which such nomination papers were received by him, all of such nomination papers shall be held to be invalid.

16. Every nomination paper in respect of which any requirement of these rules has not been complied with, or which is not received by the Returning Officer on or before the latest date and time fixed for the sending in of nomination papers, shall be invalid.

He shall decide all objections to his decision as well as all questions which may be raised as to the validity of any nomination, and his decision on any such question shall, subject to the provisions of rules 28 and 29, be final.

18. Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer on or before three o'clock in the afternoon on the date succeeding that appointed for the scrutiny of nominations. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election.

Voting.

19. (1) If, in the case of an election under any clause of section 4 other than clause (d) and clause (e) the number of duly nominated candidates, with or without special qualifications as required by section 4, who stand for election does not exceed the number of members with or without the same qualifications to be elected at the time under that clause, the Returning Officer shall forthwith declare such candidate or candidates (if duly qualified) to be elected.

(2) If the number of such candidates exceeds the number of members to be so elected, the Returning Officer shall—

(a) cause the names, qualifications, with any special qualifications required by section 4, registration numbers and addresses of the candidates offering for election under each such clause to be entered alphabetically in the order of their surnames in a separate voting paper in Form III in the Appendix to these rules, and

(b) thereupon publish in the *Calcutta Gazette* the said names, with the respective qualifications, and addresses, classified according to the clauses of section 4.

(3) The Returning Officer shall by a date fixed under rule 26 of these rules send by registered post to each elector concerned one such voting paper (and no more) of candidates for election under the clause or clauses of section 4 under which he is qualified to vote:

Provided that—

such a voting paper shall also be supplied to any elector who has not received one on his applying to the Returning Officer for the same at any time before the latest date and time appointed by him for the return of voting papers.

(4) No election shall be invalidated by reason of the non-receipt by any elector of a voting paper.

20. Each elector shall mark the voting paper issued to him with a cross x against the name or names of the candidate or candidates (not exceeding the number of members to be elected) for whom he intends to vote but no elector shall give more than one vote to any one candidate:

Provided that—

(a) at a general election—

(i) for an electorate under clause (g) a maximum number of two votes may be given to two candidates, of whom one must be a teacher. Should an elector vote for more candidates than one, one of the candidates must be a teacher.

(ii) for an electorate under clause (f) and an electorate under clause (h) a maximum number of four and three votes respectively may be given to as many candidates, of whom in each case one shall be a teacher and another a registered practitioner, practising outside Calcutta.

Should an elector vote for more than two candidates for the former and more than one candidate for the latter electorate, in case he records a single additional vote it must be in favour of a candidate who is either a teacher or a registered practitioner, practising outside Calcutta, or who combines both these special qualifications in himself; in case he records two additional votes they must be in favour of two candidates who possess in the alternative the qualification of a teacher or a registered practitioner, practising outside Calcutta or combine both qualifications in themselves. In the event of a single candidate thus supported possessing both qualifications the second additional vote may be recorded in favour of a qualified candidate who is neither a teacher nor a registered practitioner, practising outside Calcutta.

(b) in the case of a casual vacancy affecting a member originally elected to provide a special qualification or qualifications as a teacher or a registered practitioner, practising outside Calcutta or both the candidate nominated must possess the particular qualification or either of such qualifications, as the case may be.

The elector shall sign the requisite declaration printed on the counterfoil of the voting paper and deliver it personally to or send it by post to reach the Returning Officer on or before the latest day and time fixed by him for the return of voting papers. Every voting paper in respect of which any requirement of these rules has not been complied with or on which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given or on which the elector has placed any mark whereby he may be afterwards identified, or which is not received by the Returning Officer on or before the latest day and time fixed for the return of voting papers, shall be invalid.

Counting of votes and declaration and publication of results of election.

21. (1) On receiving the voting papers, the Returning Officer shall note thereon the date and time of their receipt and examine them to see whether they have been correctly filled up in respect of every requisite particular and in the case of an election under clause (f) or clause (h) of section 4, shall divide the said voting papers into two sets corresponding to the two parts of the election roll prescribed by rule 12.

(2) The Returning Officer shall record his decision "accepted" or "rejected" on every voting paper and in the case of rejection indicate thereon with reference to rule 20 the ground of rejection in brief.

(3) The Returning Officer shall separate or cause to be separated the voting paper which he deems valid from those which he rejects and shall tear off the counterfoils and place them in safe custody, pending disposal under rule 24.

22. (1) The Returning Officer shall attend for the purpose of counting the votes on such date and at such time and place as may be appointed by him under rule 26.

(2) Every candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, but not the counterfoils, to the candidates or their representatives.

(4) If any objection is taken to his decision of acceptance or rejection of any voting paper, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 28 and 29, be final.

23. (1) When the counting of the votes has been completed, the Returning Officer shall, subject to the provisions of section 4, and of the subsequent portion of this rule, forthwith declare the duly qualified candidate or candidates, as the case may be, to whom the largest number of valid votes has been given to be elected.

(2) When an equality of votes is found to exist between any candidates, and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

(3) When a candidate indicated for election under sub-rule (1) happens to receive the highest number of valid votes of more than one electorate, he shall be allowed to choose for which of these electorate he shall serve.

When a seat of a particular electorate remains unfilled by the operation of this sub-rule or becomes vacant by the refusal of the elected candidate to serve such refusal being signified before his name is published in the *Calcutta Gazette*, the seat may be filled by that one among the other candidates willing to accept office who has received the highest number of votes among unsuccessful candidates at the election.

The Returning Officer shall determine which candidate should be declared as elected under this sub-rule and announce the results as soon as possible after the counting of votes.

N.B.—To select the two candidates elected for the electorate under clause (g) the candidate with the requisite qualification of teacher who has secured the largest total of votes should first be declared as elected and then the candidate who has secured the largest total among the rest. The mufassil candidate with the largest number of mufassil votes shall first be declared as elected in each electorate and secondly the candidate with the special qualification of teacher who has polled the highest number of total votes and lastly the remaining member or members, two for the electorate under clause (f) and one for that under clause (h) shall be declared as elected with reference to the highest number of total votes polled. In the event of the first selection made as above possessing both special qualifications the remaining members three for the electorate under clause (f) and two for that under clause (h) shall be elected with reference to the largest totals of votes polled.

Should the election fail to secure members with the requisite special qualification or qualifications required by section 4 in any case the defect in respect of each electorate under clause (f), clause (g) and clause (h) should be reported for the information of the President.

24. Upon the completion of the counting of votes and after the results have been declared by him, the Returning Officer shall seal up the voting papers with their counterfoils and all other documents relating to the election and shall retain the same for a period of six months and thereafter cause them to be destroyed.

25. The Returning Officer shall publish the names of the elected candidates in the *Calcutta Gazette*.

Finality of decisions of the Local Government.

28. The Local Government may, of its own motion or on objection made, declare any election to the Council to be void on account of corrupt practice (e.g., bribery, undue influence, personation, publication of false statements) or any other sufficient cause, and may call on the electorate to make a fresh election within a specified date, and any decision of the Local Government under this rule shall be final.

29. The decision of the Local Government on any question that may arise as to the intention, construction or application of these rules shall be final.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on signboards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

- (a) Guntia Khali khal (in the reach, mile 68 to mile 72).
- (b) Cut No. 2 (in the reach, mile 78 to mile 82).

- (f) Damodar khal (in the reach, mile 152 to mile 156).
- (g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed

in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks*.—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salvaged, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salvaged by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

- (i) Actual cost of salvaging the vessel.
- (ii) Cost of serving the notice.
- (iii) Cost of removal, maintenance, custody and protection.
- (iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the place nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.
